PROFESSIONAL SUMMARY

Technical Writing Professional with **5+ years of experience** creating structured documentation for cloud platforms, enterprise systems, and academic programs. Proven ability to streamline documentation workflows, improve usability of technical content, and support large-scale cloud implementations through clear and scalable documentation practices.

PROFESSIONAL EXPERIENCE

Assistant Manager – Cloud Engineering Team

Yotta Data Services Private Limited | November 2024 – Present

- Delivered structured documentation for multiple cloud service models, improving accessibility and usability by 50% for internal and external users.
- Developed 5 user manuals and 10+ SOPs for internal and government cloud platforms, supporting smoother onboarding and operational consistency.
- Implemented version-controlled documentation workflows using Obsidian, Docusaurus, Markdown, and Git, improving document traceability and reducing version conflicts.
- Created documentation for large-scale government cloud projects for clients such as NIC and STPI, ensuring compliance-ready technical content.
- Supported cloud platforms including Yotta GCC, MeghRaj Cloud, Ananta Cloud, and Yntraa, enabling standardized documentation across services.

Technical Writer / Prompt Writer

SoftAge Pvt. Ltd. | September 2023 – April 2024

- Designed structured prompts and technical solutions for AI language model workflows, improving response quality and accuracy.
- Developed detailed technical questionnaires for computer science topics, enhancing structured learning and client deliverables.

Freelancer Content Writer

Tutorials Point | Freelance

- Authored technical articles on DBMS, Data Mining, and Cyber Security, contributing to knowledge base expansion and learner engagement.

Independent Academic Expert

Linc Education

- Developed structured academic content for undergraduate and postgraduate computer science programs, supporting curriculum delivery for international universities in Malaysia and Singapore.

Technical Writer

Koenig Solutions Pvt. Ltd. | March 2022 – June 2023

- Created and reviewed 50+ trainer profiles and technical summaries for enterprise clients including Microsoft, improving content clarity and presentation standards.
- Reviewed and refined technical documents and support materials, enhancing readability and content accuracy.
- Managed KPI and PLI reporting processes, improving visibility into team performance metrics.

SME / Quality Analyst

Evelyn Learning Systems | November 2019 – March 2022

- Authored solution manuals and structured learning content, improving content quality and academic usability.
- Developed technical diagrams including DFDs, Flowcharts, ERDs, EERDs, and UML diagrams, supporting visual clarity and system understanding.
